

The M5 is impressive. An improved version of BMW's legendary M1 power unit, the straight-six engine produces 310 hp at 6900 rpm and 265 lb-ft of torque at 4750 rpm. Two overhead camshafts operate four valves per cylinder; fuel is

provided by six individual throttle units with an integrated resonance changing system. BMW's Digital Motor Electronics system, with more than 15 sensors, constantly monitors and adjusts the air/fuel flow for optimum efficiency.

The 1993 BMW M5 now comes equipped with a trip to Germany. And a thrilling opportunity to test yourself on one of the world's most famous race tracks — under the guidance of BMW's Motorsport staff. This special offer includes meals, hotel and airfare for one person.* The M5 is one of those rare automobiles designed specifically for the connoisseur of the performance car. Produced in very small numbers, largely by hand, there is nothing like the satisfaction of driving an elegant, discreet automobile that has the heart of a race car. For the M5 is one of the fastest production cars on any road today. You'll travel with a group of very

special individuals, for they, too, are devotees of automotive brilliance. **Some call it sheer luxury. Nothing has been left to chance in the M5's elegant leather interior. Sports seats, spaciousness, every amenity.** Quick, responsive steering, breathtaking handling characteristics and sure-footed anti-lock braking are important safety features that maximize your driving experience as well. **BMW's goal is to enhance a driver's natural ability and instincts through responsive handling, increased driver awareness and control, and thus help to make you a better, safer driver. What better opportunity to become a better driver,**

gain the car of your dreams, and enjoy a unique free trip courtesy of BMW? So come into your BMW dealer and test drive a 1993 M5 soon. Offers like this don't last. But the joys of your M5 will.

For a select group of true enthusiasts, the purchase of a BMW M5 provides a once-in-a-lifetime dream trip to BMW Motorsport in Germany, and a full day of advanced driver training with a professional driver at the world-famous Nürburgring race track.* The extraordinary BMW M5 is unlike any other luxury sedan — honed to perfection from years of research and the grueling testing inherent in the creation of a superb race car. Yet, the M5 belies its high performance technology with sleek aerodynamic styling that is both discreet and distinctive. As a very special offer to those purchasing a 1993 M5 from an authorized BMW Dealer, BMW invites you on an "insider's tour" of the M5's construction process at BMW Motorsport and a day at the Driving School at Nürburgring — just two features of a very unique free trip to Germany.

*See back for conditions of this special offer.

Conditions of special offer:

The dates for the trip will be determined by BMW of North America, Inc. based upon track and school availability.

Purchasers will be provided with a choice of dates on a first-come, first-serve basis.

Hotel and airline arrangements will be made by BMW of North America, Inc.

No changes or substitutions to the trip will be allowed. The trip is non-transferable.

Available only to 1993 M5 purchasers — one trip per vehicle.

Purchaser may upgrade air travel and/or bring a guest at his or her own expense.

During the trip, guest ground travel and meal expenses will be paid by BMW N.A., Inc.

For additional details and available dates, please call BMW of NA, Inc.'s travel department at 1-800-445-4256. Please ask for the M5 Program Desk.
